DSE8711 Mono Remote Display

R 4 643.00 Excl. VAT

While stocks last! These are net special prices, and no other discounts are due.

- The DSE**8711** remote display has been expertly designed to provide the DSE**8710** Rear Mounted Load Share Control Module a flexible display option.
- The remote displays can be used in two ways. They can either be connected to the rear mounted control module and mounted into the front door of a panel or used remotely (max 1.2km away) by connecting to the dedicated data communications link and placing the remote display in an alternative location.
- Front panel mounting.
- Remote communications (RS232, RS485 x2, Ethernet).
- Displays the information in the same format as the DSE8610 control module.
